Dear colleague

We are happy and honored to invite you to attend our first international Function and Aesthetic Masterclass specialised on face beautification in Abu Dhabi, on February 23-24, 2023.

The Function and Aesthetics Masterclass medical education FACE 2023 programme provides an outstanding anatomical and clinical education about facial anatomy and face medical cosmetic procedures.

This Abu Dhabi Emirate session is scheduled over 2 days with great theoretical and practical hands on workshops.

We believe that best learning provides best medical practice. The goal of these 2 days is to prepare cosmetic doctors to become experts.

CME credits will be awarded and a certification diploma will be granted to attendees.

You will definitely remember your Face Aesthetics Masterclass experience: international key opinion leaders speakers, great quality of the comprehensive scientific program, great venue !

We are looking forward to seeing you in Abu Dhabi next February.

Get your seat online.

Jerome PARIS
Fredric BRACCINI
