WELCOME NOTE

IMC LIVE is redesigning its brand, its format and its focus for a fresh new start in 2024!

Let's meet again all together in Jeddah (KSA) for the 11th Edition of the **I**nternational **M**iddle east **CTO** & **CHIP LIVE** which will be held on February 8th & 9th 2024.

This course has gathered the Middle East CTO PCI community for many years around 1 only focus: live cases transmission about coronary occlusions and complex lesions, performed by international and middle east experts.

IMC LIVE is expanding its expertise to Cardiovascular High-Risk Patients (CHIP-PCI), maintaining its essential format of live procedures.

During 1 day ½, participants from all Gulf and Middle east countries will share their experience on complex CTO & CHIP PCI.

IMC LIVE is now endorsed by the ML CTO Academy and part of the global experience: indeed, the event has been built on 3 levels (1 per day). In order to complete the full pathway, IMC LIVE will come to close the level 3 with a third and last day, the two first levels being held in Cairo few months prior under the ML CTO Middle East Course.

Understand how to prevent coronary heart disease and assess multiple risk factors, how to protect and treat Cardiovascular High-Risk Patients ; Learn from KOLs the best techniques to treat chronic occlusions and complex lesions, these are the aims of the new IMC LIVE version, to improve all attendees' daily procedural success rate and therefore increase the nbr of patients efficiently treated.

I look forward to seeing you all in Jeddah!

Khalid Tammam, MD

LEARNING POINTS

- Learning more on CTO CHIP PCI.
- CTP PCI in patients with Low EF.
- Imaging guidance in CTO PCI.
- Complications in CTO PCI.
- Step-by-step antegrade approach.
- Step-by-step retrograde approach.
- Controversies on CTO CHIP.

08:00 IMC LIVE 2024 INTRODUCTION - Khalid Tammam

SACIS INTRODUCTION - Wail Alkashkari

KEYNOTE LECTURE - Walid Fitaihi

08:30 SESSION 1 - HIGH RISK CTO PCI

Chairs: **Khaldoon Alaswad & Wail Alkashkari**

Moderators: Khalid Tammam - Seraj Abualnaja - Bassam Tayeb - Nabil Farag
Hossam Mansour - Walid Hassan - Habib Gamra

08:30
 **Abbott**

LIVE CASE #1 Operators: Surya Prakasa Rao & Shah Kantilal Priyen
From Care Hospitals Banjara Hills, Hyderabad - Telangana, India

How to set your cath lab for CHIP-CTO program

Chris Zambakides

09:00

LIVE CASE #2 Operators: Luiz Ybarra & Ahmed Alhamami
From King Faisal Specialist Hospital - Riyadh, Saudi Arabia

10:30 Coffee break

11:00 SESSION 2 - ALL ABOUT CHIP

Chairs: **Ahmed El Guindy & Waleed Alharbi**

Moderators: Tarek Rashid - Mohamed Al Sheri - Abdullah Asiri - Ahmed Alsayed
Mirvat Alasnag - Amr Bannan - Read Alawaisheh - Khalid Aljohani - Nabil Ismaili

11:00

Boston Scientific
Advancing science for life™

LIVE CASE #3 Operator: Owayed Al Shammeri
From Dr. Sulaiman Al Habib Hospital - Riyadh, Saudi Arabia

12:00
Medtronic

LIVE CASE #4 Operators: Khalid Tammam & Alexander Nap
From International Medical Center - Jeddah, Saudi Arabia
CT/IVUS commentators: Ahmed Zataar & Masaaki Okutsu

New innovations in CTO PCI

Masaaki Okutsu

13:00 Lunch break

14:00 Lecture «ASCVD... Beyond Statins»
Speaker: **Mirvat Alasnag**
Chair: Hany Ragy

14:15 SESSION 3 - CTO & INNOVATIONS

Chairs: **Kenya Nasu & Walid Hassan**

Moderators: Alexander Nap - Waqar Ahmed - Abdullah Alsaeedi

Saleh Khojah - Saleh Alshalash - Abdullah Asiri - Hany Ragy - Mustafa Tigen

14:15

LIVE CASE #5 Operators: Masahisa Yamane & Seraj Abualnaja
From International Medical Center - Jeddah, Saudi Arabia

15:00

LIVE CASE #6 Operators: Owayed Al Shammeri & Mohaned Egred
From Dr. Sulaiman Al Habib Hospital – Riyadh, Saudi Arabia

Left Ventricular Assist Devices useful during CHIP CTO PCI? Pros & Cons

Ahmed El Guindy & Walid Hassan

16:30 Coffee break

17:00 SESSION 4 - COMPLICATIONS & BAILOUT

Chairs: **Masahisa Yamane - Hamed Alghamdi - Mohamed Sobhy**

Moderators: Chris Zambakides - Badr Alzahrani - Ehab El Khoully - Raouf Mohamed

Abdulgaksoud Algandy - Shatha Alalawi - Layth Mamish - Raed Kutshan

Troubleshooting in CTO PCI: Participants Quizz

Khaldoon Alaswad & Tarek Rashid

17:45

LIVE CASE #7 Operators: Kenya Nasu & Bassam Tayeb
From International Medical Center - Jeddah, Saudi Arabia

CT/IVUS commentators: Ahmed Zataar & Masaaki Okutsu

18:30 ADJOURNMENT

08:30 **Welcome Coffee**

08:45 **Lecture** «Best practice in dyslipidemia treatment: who, when and how?»
Speaker: **Salim Asiri**
Chair: Abdulhalim Serafi & Adanan Hussien

09:00 **SESSION 5 - CTO PCI OUTCOMES**

Chairs: **Kenya Nasu & Yasser Sadek**

Moderators: Khalid Aljohani - Hamed Alghamdi - Waleed Alharbi - Mohamed Sobhy
Abdulrahman Kindy - Sharaf Zagalol - Khaled Elnady - Mohamed El Noamany

CTO PCI with reduced ejection fraction? Experts discussion

Mohaned Egred & Waqar Ahmed

09:20

LIVE CASE #8 Operators: Amr Bannan & Khaldoon Alaswad

From International Medical Center - Jeddah, Saudi Arabia

Long term outcomes in CTO PCI: where are we?

Alexander Nap

Participants case competition

Ahmed Kassem - Aly Tohamy - Raed Alawaisheh

11:30 **CLOSING**
