

GEST FOCUSED TOPIC MEETING

Musculoskeletal Embolization

PARIS • 2024

Hôtel Novotel Paris Vaugirard Montparnasse

JANUARY, 26TH • 27TH

FINAL PROGRAM

www.gestmsk.com

08:15am	Meeting's opening, <i>Marc Sapoval & Jafar Golzarian</i> Why this matters: a patient's experience	
8:30-10:30am	All about Knee Osteoarthritis (KOA) Moderators : J.Golzarian, M.Sapoval & J.Sellam <ul style="list-style-type: none"> Epidemiology and current treatment recommendations (including physical therapy), <i>Christelle Nguyen, France</i> KOA as an inflammatory disease, <i>Francis Berenbaum, France</i> Why does it hurt? <i>Jeremie Sellam, France</i> Making the most of clinical information in KOA, <i>Christelle Nguyen, France</i> Imaging basics, <i>Maxime Lacroix, France</i> New approach in KOA imaging, <i>Patrick Omoumi, Switzerland</i> Overview of new drug development in KOA, <i>Francis Berenbaum, France</i> Knee arthroplasty indications and results, <i>Philippe Anract, France</i> How to manage post surgical pain after Total Knee Replacement (TKR), <i>Anissa Belbachir, France</i> Panel discussion, Q&A	
10:30-11:00am	Coffee break & Exhibition visit	
11:00-12:30pm	Embolization for KOA Moderators : M. Little, M.Sapoval & T.Boeken <ul style="list-style-type: none"> Rationale for embolization, <i>Sid Padia, USA</i> Review of arterial anatomy, <i>Mark Little, UK</i> Technique of embolization: step-by-step, <i>Osman Ahmed, USA</i> Cone Beam Computed Tomography (CBCT): when and how? <i>Sid Padia, USA</i> Epidemiology and treatment of knee hemarthrosis in hemophilia, <i>Annie Harroche, France</i> Genicular Artery Embolization (GAE) in knee hemarthrosis, <i>Jafar Golzarian, USA</i> Genicular nerve ablation: technique and results, <i>Marie Faruch-Bilfeld, France</i> Panel discussion, Q&A	
12:30-1:00pm	Synovial Arterial Hypervascularity of the Knee Joint Treatment: From Evidence to Practice Moderator : M. Little <ul style="list-style-type: none"> Genicular artery embolization in patients with osteoarthritis of the knee (GENESIS) Using Permanent Microspheres: Interim Analysis, <i>Mark Little, UK</i> The Genicular Artery embolization Using imipenem/ Cilastatin vs. microsphere for knee Osteoarthritis (GAUCHO): A Randomized Controlled Trial, <i>Mateus Picada Correa, Brazil</i> How to set up your practice for Genicular Artery Embolization, <i>Attila Kovács, Germany</i> 	 Understand. Innovate. Deliver™
01:00-01:45pm	Lunch Break & Exhibition visit	
01:45-03:30pm	Embolics and microcatheters for MSK embolization : MASTERCLASS Moderators : J. Golzarian, J.Namur & X.Guerra <ul style="list-style-type: none"> Microspheres for MSK: review of basic properties and handling, <i>Jafar Golzarian, USA</i> Basics and classification of degradable embolics for MSK, <i>Julien Namur, France</i> Degradable embolics: what is out there? <i>Marc Sapoval, France</i> Imipenem: why and how does it work? <i>Julien Frandon, France</i> MASTERCLASS demonstrations: <ul style="list-style-type: none"> Demo of all embolics and microcatheters (handling, injection etc.), <i>Gary Siskin, USA & Marc Sapoval, France</i> Panel discussion, Q&A	
03:30-04:00pm	Coffee break & Exhibition visit	
04:00-05:30pm	Genicular Artery Embolization (GAE): Clinical evidence in 2024 Moderators : M. Sapoval, C.Roux & A.Di Gaeta <ul style="list-style-type: none"> State of the evidence in 2024, <i>Bedros Taslakian, USA</i> Is the level of evidence on GAE enough to refer patients? <i>Camille Daste, France</i> The GEST registry protocol and status, <i>Venkatesh Krishnaswamy, USA</i> The French GREOS cohort, <i>Julien Ghelfi, France</i> Lipiojoint 1 results and rationale for Lipiojoint 2, <i>Marc Sapoval, France</i> From clinical evidence to daily practice, <i>Christian Roux, France</i> Mesenchymal Stromal Cells: Intra-articular injection results and optimization, <i>Jérôme Guicheux, France</i> Mesenchymal Stromal Cells: Intra-arterial injection technique and results, <i>Maedeh Rouzbahani, Iran</i> Panel discussion, Q&A	
05:30pm	End of the day	

08:30-10:00am Sport Injuries : Achilles Tendinopathy (AT), Jumper's Knee (JK) and Tennis Elbow (TE)**Moderators :** J. Golzarian, S. Padia & Y.Okuno

- Epidemiology, clinical assessment, and conservative treatment strategy of AT, JK and TE, *Alban Fouasson-Chailloux, France*
- Basics of clinical imaging, *Robert Burns, France*
- Epicondylitis: when is embolization a good option. The sports physician approach, *Patrick Le Goux, France*
- Arterial anatomy, techniques, and choice of embolics, *Yuji Okuno, Japan*
- Embolization for overuse sports injury: case review, *Yuji Okuno, Japan*
- Initial experience in AT, *Jae Hwan Lee, South Korea*
- Embolization of refractory epicondylitis: technique and evidence, *Sid Padia, USA*

Panel discussion, Q&A

10:00-10:30am Coffee break & Exhibition visit**10:30-12:30pm Frozen Shoulder (FS) - From A to Z****Moderators :** A. Fernandez-Martinez, D. Romero & M. Sapoval

- What is FS: epidemiology, physiopathology, natural history, *David Romero, Spain*
- Clinical assessment of FS, *Alina Dumitrache, France*
- A comprehensive journey around FS, *Ana Fernandez-Martinez, Spain*
- Multidisciplinary management of FS: How I do it, *David Romero, Spain*
- MR Imaging of FS for the IR, *Marie Desportes, France*
- Embolization of FS: How I do it, *Yuji Okuno, Japan*
- Our eight years experience with Imipenem, *Ana Fernandez-Martinez, Spain*
- Tendinobursitis: a large unmet need, *Julien Ghelfi, France*

Panel discussion, Q&A

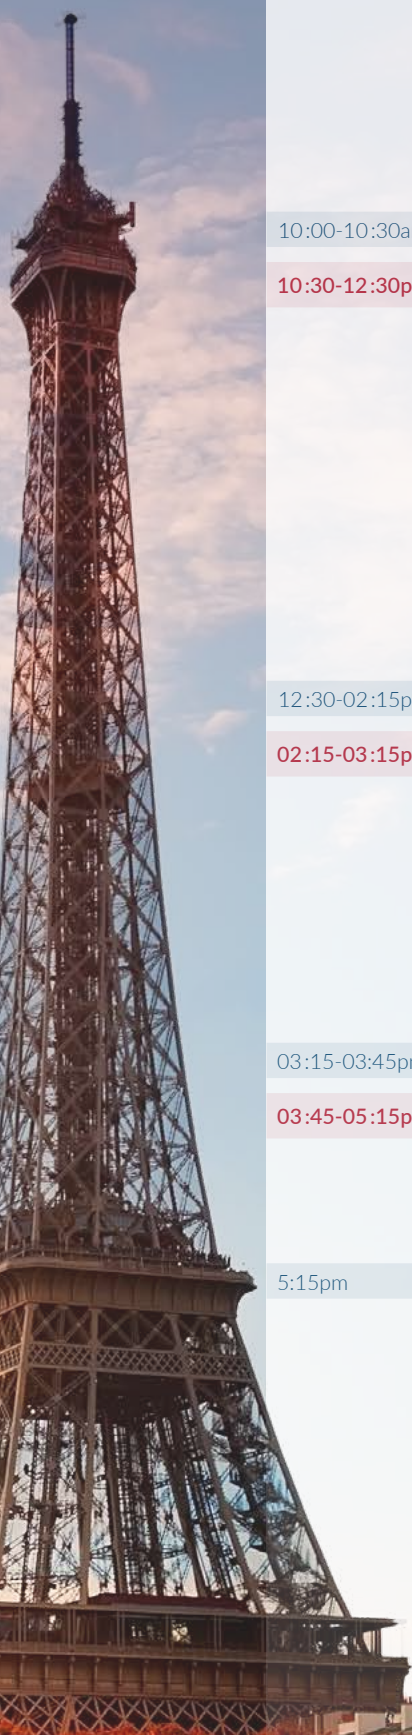

12:30-02:15pm Lunch break & Meet the experts**02:15-03:15pm Practice development****Moderators :** J. Golzarian, S. Padia & M. Al Ahmar

- Osteoarthritis : still a complex problem, *Christelle Nguyen, France*
- What worked for me, *Yuji Okuno, Japan*
- Educating the patient on GAE, *Marc Sapoval, France*
- How to talk to rheumatologists, *Marc Sapoval, France*
- How to talk to orthopedic surgeons, *Mark Little, UK*
- How to talk to patients, *Sid Padia, USA*

03:15-03:45pm Coffee break & Exhibition visit**03:45-05:15pm Video case discussions**

- 15 video cases of GAE, FS, tendinobursitis, plantar fasciitis, Achilles Tendinobursitis, epicondylitis, and more... *presented by Faculty*

Panel discussion, Q&A

5:15pm Closing remarks, Jafar Golzarian, USA & Marc Sapoval, France
