

5TH EDITION

FIND YOUR ALGORITHM

Peripheral Aortic VEnous
THE WAY of vascular education

- 1 UNIQUE engaging informal format
- 2^{1/2} DAYS of vascular full immersion
- 3 DIFFERENT scientific programs running in parallel

FEBRUARY 27TH

MARCH 1ST

ILEC CONFERENCE
CENTRE, LONDON

SW6 1UD

2025

AORTIC PROGRAM

WWW.FYA-CONGRESS.COM

TAKE PART OF THE WORKSHOP ON PEDAL ACCELERATION TIME!

> Learn how to measure your revascularisation efforts with Jill Sommerset!

Register at the welcome desk and choose your slot*:

Friday, February 28th: 9:30am, 12pm & 4:30pm

Saturday, March 1st: 9:30am, 11:30am & 2:30pm

*Maximum of 20 people only - first come, first served basis

THURSDAY FEBRUARY 27TH, 2025

15:00

THE HOTTEST TOPICS IN THE BTK WORLD

16:00

FINAL PEARLS OF WISDOM

17:00

SCIENTIFIC PROGRAM

WORKSHOP & SHARK TANK | DAY 1 | THURSDAY FEBRUARY 27TH, 2025

13:30 HANDS-ON WORKSHOPS

Abbott

- POAS & JETI in practice

BD

BAIRD
by BD

- Driving solutions for vessel preparation and treatment

- Jetstream, your tool to prep them all

- Are you sure you are seeing it right? Take a look through the eyes of IVUS

- Calcified Iliac Stenosis: to stent or not to stent?

- Change compliance to change the game in BTK intervention

**VP
MED Group**

- How fast can you cross the lesion with a guidewire?

16:30 LIGHT COFFEE BREAK

17:00 EU MEDTECH SHARK TANK SESSION

17:00 A complete new way for drug delivery - **Osaman Altinisik**

17:30 The new vascular broadcast chapter - **Theodosios Bisdas**

18:00 Accelerate perfusion analysis - **Jill Sommerset**

18:30 Measure it the correct way - **Jihad Mustapha**

19:00 Protect embolic complication - **Ryan Balko**

19:30 END OF THE DAY

AORTIC | DAY 2 | FRIDAY FEBRUARY 28TH, 2025

09:00 INTRODUCTIVE LECTURE

- ▲ EVAR pioneers: the exclusive video-documentary of Nicolai Volodos. **Lorenzo Patrone**

09:30 CHALLENGE ACCEPTED

► Panel: Colin Bicknell, Tara Mastracci & Drosos Kotelis

- ▲ My most challenging case: Arch repair. **Theodosios Bisdas**
- ▲ My most challenging case: BEVAR. **Gioele Simonte**
- ▲ My most challenging case: FEVAR. **Enrico Gallitto**
- ▲ My most challenging case: EVAR/IBD. **Emiliano Chisci**

11:30

COFFEE BREAK - KNIFE THROWING STATION

Tetraplegia as an extremely rare complication of endovenous stenting of the left iliac vein - Marjolein De Decker

12:00

THE ALPHABET SESSION

► Panel: Athanasios Katsargyris, Maria Antonella Ruffino & Anna Prent

- ▲ B/CH/F/PM/ESAR/EVAR/IBD: which off the shelf devices do I need on the shelf? **Stefano Fazzini**
- ▲ Bridging Stentgrafts in B/CH/F/PM/EVAR/IBD: which ones should I use where. **Said Abisi**

13:00

LUNCH BREAK - KNIFE THROWING STATION

Spinal Cord Stimulation: a valid answer for non-reconstructable patients - Tommaso Castrucci
Long Bare Stenting is yesterday - Giovanni Torsello

14:00

HOW TO DO IT

► Panel: Stefano Fazzini, Fernando Gallardo & Fiona Rohlffs

- ▲ How to do it: transfemoral and upper extremity approach in complex aneurysms. **Giacomo Isernia**
- ▲ How to do it: difficult target vessels in F/BEVAR: snare-ride, false lumen target vessel, embolisation... **Athanasios Katsargyris**
- ▲ How to do it: physician modified endografts AAA. **Javairiah Fatima**
- ▲ How to do it: physician modified endografts TAA. **Michele Antonello**

16:00

COFFEE BREAK - KNIFE THROWING AREA

Physician-modified endograft workflow utilizing the Medtronic Valiant platform to treat complex abdominal aortic aneurysms - Artür Hüttl

16:30

LET'S START DISSECTING

► Panel: Ian Loftus, Tara Mastracci & Isabelle Van Herzeele

- ▲ BEVAR for aortic dissection and the use of membrane function. **Giuseppe Panuccio**
- ▲ Acute type B dissection: when TEVAR when Petticoat/Stabilise. **Igor Koncar**
- ▲ Acute type B dissection: tips and tricks for treatment of malperfusion. **Vicente Riambau**
- ▲ Chronic post-dissection aneurysm: FEVAR vs BEVAR. **Fiona Rohlffs**

18:30

END OF THE DAY

AORTIC | DAY 3 | SATURDAY MARCH 1ST, 2025

08:30 CAN YOU HANDLE THE ALGORITHMS?

09:30 STRONGER TOGETHER

- ▲ Do or Die: the SMA occlusion jungle. **Konstantinos Stavroulakis**
- ▲ Aorto-iliac occlusive disease and AAA: case-based discussion. **Stefano Fazzini**
- ▲ Vascular quiz. **Lorenzo Patrone & Michel Bosiers**

11:00 COFFEE BREAK - KNIFE THROWING AREA
HITTING THE TARGET - The Role of Targeted-Revascularization in Wound Healing in Diabetic Foot Ulcers - Andreia Pinelo

11:30 THE GREAT DEBATE

▶ Panel: Colin Bicknell, Gioele Simonte & Isabelle Van Herzeele

- ▲ Laser & needle fenestration vs CMD vs PMG. **Javairiah Fatima & Fernando Gallardo**
- ▲ Inner vs Outer Branches. **Wolf Eilenberg & Said Abisi**
- ▲ We go as low as we can: low-profile for everything! **Stefano Fazzini & Daniela Branzan**
- ▲ Semibranches vs fenestrated devices. **Fiona Rohlfs & Theodosios Bisdas**

13:30

LUNCH BREAK - Feel invited to the **knife thrower station** to enjoy the selected abstracts on display!

14:00

OPEN UP!

► Panel: Ian Loftus, Stefano Michelagnoli & Celia Theodoreli Riga

- ▲ How to survive a ruptured aneurysm. **Igor Koncar**
- ▲ Different access ways for open repair. **Raphael Coscas**
- ▲ Treatment of infected EVAR: tips & tricks. **Drosos Kotelis**
- ▲ How do the guidelines fit in the real world for elective and emergent repair. **Kosmas Paraskevas**

16:00

CLOSING COFFEE BREAK
