

5TH EDITION

FIND YOUR ALGORITHM

Peripheral Aortic VEnous
THE WAY of vascular education

- 1 UNIQUE engaging informal format
- 2^{1/2} DAYS of vascular full immersion
- 3 DIFFERENT scientific programs running in parallel

FEBRUARY 27TH
MARCH 1ST
ILEC CONFERENCE CENTRE, LONDON SW6 1UD
2025

PERIPHERAL PROGRAM

WWW.FYA-CONGRESS.COM

TAKE PART OF THE WORKSHOP ON PEDAL ACCELERATION TIME!

> Learn how to measure your revascularisation efforts with Jill Sommerset!

Register at the welcome desk and choose your slot*:

Friday, February 28th: 9:30am, 12pm & 4:30pm

Saturday, March 1st: 9:30am, 11:30am & 2:30pm

*Maximum of 20 people only - first come, first served basis

THURSDAY FEBRUARY 27TH, 2025

SCIENTIFIC PROGRAM

WORKSHOP & SHARK TANK | DAY 1 | THURSDAY FEBRUARY 27TH, 2025

13:30 HANDS-ON WORKSHOPS

Abbott - POAS & JETI in practice

- Driving solutions for vessel preparation and treatment

- Jetstream, your tool to prep them all
- Are you sure you are seeing it right? Take a look through the eyes of IVUS

- Calcified Iliac Stenosis: to stent or not to stent?
- Change compliance to change the game in BTK intervention

VP
MED Group

- How fast can you cross the lesion with a guidewire?

16:30 LIGHT COFFEE BREAK

17:00 EU MEDTECH SHARK TANK SESSION

17:00 A complete new way for drug delivery - **Osaman Altinisik**

17:30 The new vascular broadcast chapter - **Theodosios Bisdas**

18:00 Accelerate perfusion analysis - **Jill Sommerset**

18:30 Measure it the correct way - **Jihad Mustapha**

19:00 Protect embolic complication - **Ryan Balko**

19:30 END OF THE DAY

PERIPHERAL | DAY 2 | FRIDAY FEBRUARY 28TH, 2025

09:00 INTRODUCTIVE LECTURE

EVAR pioneers: the exclusive video-documentary of Nicolai Volodos. **Lorenzo Patrone**

09:30 YOU CAN'T TREAT (CORRECTLY) WHAT YOU DON'T SEE

► Panel: Tomas Baltrunas, Shagran Binkhamis, Peter Schneider & Giovanni Torsello

- ▲ Seeing is believing: decoding endovascular failures to engineer success in PAD. **Trisha Roy**
- ▲ Dissections: how to recognise and to manage them effectively. **Eric Secemsky**
- ▲ Stent occlusion: what are we fighting against and which tools do we have to succeed? **Gilles Goyault**
- ▲ Post operative therapy: one for all, all for one? **Anahita Dua**
- ▲ Unfortunately everything has thrombosed... how far can you go to save the limb? **Ralf Langhoff**

11:30

COFFEE BREAK - KNIFE THROWING AREA

Tetraplegia as an extremely rare complication of endovenous stenting of the left iliac vein - Marjolein De Decker

12:00

CROSS AND TREAT: FIND YOUR ALGORITHM

► Panel: Raphael Coscas, Bruno Migliara, Rafiuddin Patel & Gioele Simonte

- ▲ Guidewire escalation: Find Your Algorithm. **George Adams**
- ▲ Crossing long CTOs... how can we be quick and effective? **Gianmarco de Donato**
- ▲ Long lesions and dense calcium. What's the correct algorithm? **Lorenzo Patrone, Narayanan Thulasidasan & August Ysa**

13:00

LUNCH BREAK - KNIFE THROWING STATION

Spinal Cord Stimulation: a valid answer for non-reconstructable patients - Tommaso Castrucci
Long Bare Stenting is yesterday - Giovanni Torsello

14:00

THE TOUGHEST OF THE TOUGHEST: MY MOST INTERESTING CASE

► Panel: Konstantinos Donas, Luca Garriboli, Paul Moxey & Maria Antonella Ruffino

- ▲ Iliac arteries: the importance of quick decision-making. **Gianbattista Parlani**
- ▲ Fem-pop district: the deep knowledge of your tools is key. **Lieven Maene**
- ▲ BTK segment: get it right the first time (especially) in challenging patients. **Ashish Patel**
- ▲ BTA isolated disease: the value of distal foot perfusion increase. **Marta Lobato**

16:00

COFFEE BREAK - KNIFE THROWING AREA

Physician-modified endograft workflow utilizing the Medtronic Valiant platform to treat complex abdominal aortic aneurysms - Artür Hüttl

16:30

SITTING BY THE FIREPLACE WITH VASCULAR INNOVATORS: THE MAGIC OF THINKING OUTSIDE OF THE BOX

► Panel: Patrick Chong, Emily Haworth, George Koullias & Nicola Troisi

- ▲ HONORARY LECTURE - My life as an innovator: joys and sorrows. **Amman Bolia**
- ▲ Highlights from my 30-year career: all the wisdom which you can't learn from any book. **Peter Schneider**
- ▲ All the work behind having a new device on the table: my fascinating journey. **Isa Rizk**
- ▲ All the off the shelf p-DVA options for the «no options». **Bruno Migliara**

Knife masters at work

- 🔪 Open surgical zone: the secrets of a good bypass. **Gonzalo Cabral**
- 🔪 Open surgical zone: the secrets of minor amputations. **Giacomo Clerici**

18:40

END OF THE DAY

20:00

GALA DINNER AT UNDER THE BRIDGE, CHELSEA FOOTBALL CLUB

PERIPHERAL | DAY 3 | SATURDAY MARCH 1ST, 2025

08:30

CAN YOU HANDLE THE ALGORITHMS?

▶ Panel: Emiliano Chisci & Stefano Michelagnoli

- ▲ Global Algorithm for the Endovascular Treatment of Chronic Femoropopliteal Lesions: An Interdisciplinary Expert Opinion Statement. **Grigorios Korosoglou**
- ▲ Televascular Games: Aorto-caval fistula in critical patient. What's your algorithm?

Award sponsored by
BIOTRONIK
excellence for life

09:30

STRONGER TOGETHER

▶ Panel: Raphael Coscas, Robert Morgan, Gioele Simonte & Hany Zayed

- ▲ Do or Die: the SMA occlusion jungle. **Konstantinos Stavroulakis**
- ▲ Aorto-iliac occlusive disease and AAA: case-based discussion. **Stefano Fazzini**
- ▲ Vascular quiz. **Lorenzo Patrone & Michel Bosiers**

11:00

COFFEE BREAK - KNIFE THROWING AREA

HITTING THE TARGET - The Role of Targeted-Revascularization in Wound Healing in Diabetic Foot Ulcers - Andreia Pinelo

11:30

- ▲ The 3 must-read papers of 2024. **Athanasios Saratzis**

11:50

MUCH MORE THAN THROMBUS AND CALCIUM... WHY IS VESSEL PREP STILL UNDERESTIMATED?

▶ Panel: Sameh Sayfo, Peter Schneider, Selva Theivacumar & Badri Vijaynagar

Find your Algorithm in the SFA-pop segment: case-based discussion

- ▲ Soft/thrombotic disease. **Mark Portou**
- ▲ Calcific lesions. **Theodosios Bisdas**

Find your Algorithm in BTK segment: case-based discussion

- ▲ The disease above-the-ankle. **Michael Siah**
- ▲ The disease below-the-ankle. **Craig Nesbitt**
- ▲ Complex multilevel disease case: the tricks to transform a great on-table result in a durable outcome. **Sabine Steiner**

13:30 LUNCH BREAK - Feel invited to the knife thrower station to enjoy the selected abstracts on display!

14:30 THE ENDO-CFA TREATMENT: HOW IS OUR PRACTICE EVOLVING?

► Panel: Theodosios Bisdas, Kumar Madassery, Martin Malina & Konstantinos Stavroulakis

- ▲ Leaving nothing behind is durable and safe. **Giacomo Isernia**
- ▲ Stenting is not evil. Why are we still scared? **Bahaa Nasr**

15:10 THE HOTTEST TOPICS IN THE BTK WORLD

- ▲ "Stay still!": how to master nerve blocks independently can change your practice. **Conrad Von Stempel**
- ▲ Is any drug able to make a difference in terms of acute outcomes and long-term patency? **Athanasios Diamantopoulos**
- ▲ BTA vessels: how the choice of the correct material makes the difference in short- and long-term outcomes?
Daniel Van den Heuveul

15:50 FINAL PEARLS OF WISDOM

► Panel: Athanasios Diamantopoulos, Mark Portou, Michael Siah & Hany Zayed

- ▲ Lesson learnt from my nightmare iliac case. **Raphael Coscas**
- ▲ Lesson learnt from my nightmare fem-pop case. **Kumar Madassery**

16:00 CLOSING COFFEE BREAK

5TH EDITION

FIND YOUR ALGORITHM

COURSE DIRECTOR

Lorenzo Patrone
Consultant Vascular and Interventional Radiologist
San Giovanni di Dio Hospital,
Florence (Italy)

CO-DIRECTORS

Stephen Black
Consultant Vascular and Endovascular Surgeon
Lead for the venous service Guy's and St Thomas' Hospital,
London, United Kingdom

August Ysa
Consultant Vascular and Endovascular Surgeon
Hospital Universitario de Cruces,
Barakaldo, Spain

Michael Lichtenberg
Chief Medical Officer of the Angiology Department
Vascular Centre Clinic,
Amsberg, Germany

Michel Bosiers
Vascular senior consultant University Hospital,
Bern, Switzerland
