FIND YOUR ALGORITHM

Peripheral Aortic VEInous  
THE WAY of vascular education

- 1 UNIQUE engaging informal format
- 2<sup>1/2</sup> DAYS of vascular full immersion
- 3 DIFFERENT scientific programs running in parallel

PRELIMINARY PROGRAM

[WWW.FYA-CONGRESS.COM](http://WWW.FYA-CONGRESS.COM)

**THURSDAY FEBRUARY 27<sup>TH</sup>, 2025**

# PROGRAM OVERVIEW

13:00

14:00

15:00

16:00

17:00

18:00

19:00

**HANDS-ON WORKSHOPS**

**EU MEDTECH SHARK TANK SESSION**

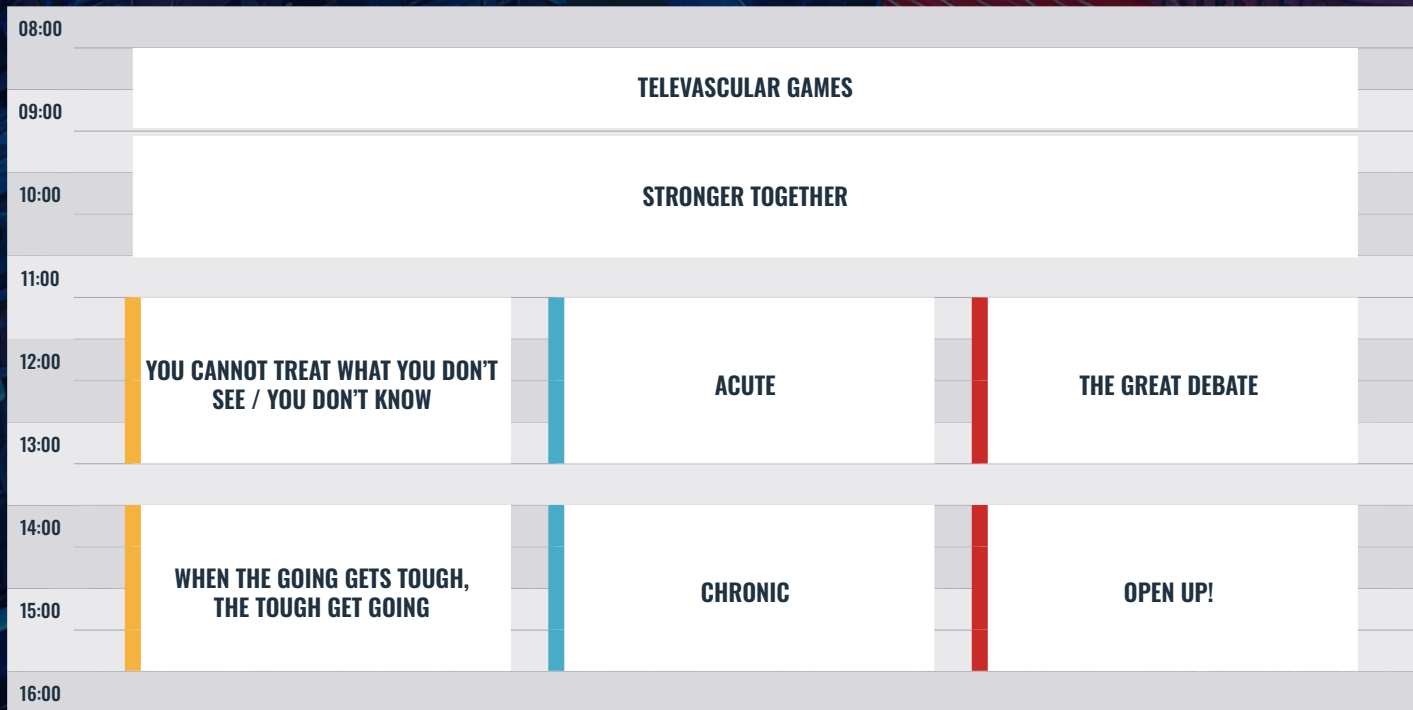

**FRIDAY FEBRUARY 28<sup>TH</sup>, 2025**

# PROGRAM OVERVIEW

09:00	INTRODUCTIVE LECTURE		
10:00	<b>THE TOUGHEST OF THE TOUGHEST</b>	<b>ACUTE</b>	<b>CHALLENGE ACCEPTED</b>
11:00			
12:00	<b>EVERYTHING IS POSSIBLE WITH THE RIGHT TOOL</b>	<b>SUPERFICIAL</b>	<b>THE ALPHABET SESSION</b>
13:00			
14:00	<b>GAME CHANGERS IN CLINICAL PRACTICE</b>	<b>CHRONIC</b>	<b>HOW TO DO IT</b>
15:00			
16:00			
17:00	<b>THINKING OUTSIDE OF THE BOX</b>	<b>PULMONARY EMBOLISM</b>	<b>LET'S START DISSECTING</b>
18:00			
19:00			

**SATURDAY MARCH 1<sup>ST</sup>, 2025**

# PROGRAM OVERVIEW

# SCIENTIFIC PROGRAM

**WORKSHOP & SHARK TANK | DAY 1 | THURSDAY FEBRUARY 27<sup>TH</sup>, 2025**

## **13:30 HANDS-ON WORKSHOPS**

13:30 TBD

14:30 TBD

15:30 TBD

**16:30 LIGHT COFFEE BREAK**

## **17:00 EU MEDTECH TANK SESSION**

**19:30 END OF THE DAY**

**09:00 INTRODUCTIVE LECTURE**

EVAR pioneers: the exclusive video-documentary of Nicolai Volodos.

**09:30 The toughest of the toughest**

- ▲ My toughest iliac case.
- ▲ My toughest SFA case.
- ▲ My toughest BTK/BTA case.
- ▲ All the tips and tricks to bail out myself during my life-long journey in the cath lab.

**11:30 COFFEE BREAK** - Feel invited to the knife thrower station to discuss the most controversial cases!

**12:00 EVERYTHING IS POSSIBLE WITH THE RIGHT TOOL**

- ▲ Does a lesion which cannot be crossed exist? All the tips and tricks.
- ▲ Calcium and its limitations to our interventions: how to deal with them.

## ARTERIAL | DAY 2 | FRIDAY FEBRUARY 28<sup>TH</sup>, 2025

**13:00** LUNCH BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### 14:00 GAME CHANGERS IN CLINICAL PRACTICE

- ▲ Dissections: how to recognise and to manage them effectively.
- ▲ Bio-reabsorbable technology: is it a dream come true?
- ▲ Is not stenting a truly feasible option in long CTOs?
- ▲ Paclitaxel or Sirolimus? Who is here to stay?
- ▲ “Stay still!”: how to master nerve blocks can change your practice.
- ▲ The 3 top peripheral papers you must read: highlights from 2024.

**16:00** COFFEE BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### 16:30 THINKING OUTSIDE OF THE BOX

- ▲ DVA: Is there a future without Limflow?
- ▲ All the work behind having your device on the table: my fascinating journey.
- ▲ 35 years since I described the subintimal recanalisation: what a journey!

## ARTERIAL | DAY 2 | FRIDAY FEBRUARY 28<sup>TH</sup>, 2025

### Knife masters at work

- 🔪 Open surgical zone: the secrets of a good bypass.
- 🔪 Open surgical zone: the secrets of minor amputations.

18:30 END OF THE DAY

## ARTERIAL | DAY 3 | SATURDAY MARCH 1<sup>ST</sup>, 2025

08:30 TELEVASCULAR GAMES: FROM A COMPLEX CASE TO THE MOST IMPORTANT OUTCOME

09:30 STRONGER TOGETHER: COME AND JOIN US!

- ▲ AAA and aorto-caval fistula: which are the options?
- ▲ Aorto-iliac occlusive disease and AAA: case-based discussion.
- ▲ Vascular quiz.
- ▲ Honorary lecture: Roberto Ferraresi.

11:00 COFFEE BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

**11:30 YOU CANNOT TREAT WHAT YOU DON'T SEE / YOU DON'T KNOW**

- ▲ From the vessel disease to the haemodynamics: are all the lesions the same?
- ▲ Post operative therapy - welcome to the jungle.

**How to tame the toughest CTOs**

- ▲ Complex case SFA 1: Find Your Algorithm.
- ▲ Complex case SFA 2: Find Your Algorithm.

**13:30 LUNCH BREAK** - Feel invited to the knife thrower station to discuss the most controversial cases!

**14:00 WHEN THE GOING GETS TOUGH, THE TOUGH GET GOING**

- ▲ Common Femoral Artery: which lesions I approach endo and how I do it?
- ▲ In stent occlusions: what can be done?
- ▲ Complex case BTK 1: Find Your Algorithm.
- ▲ Complex case BTK 2: Find Your Algorithm.

**16:00 CLOSING COFFEE BREAK**

**09:00 INTRODUCTIVE LECTURE**

- ▲ EVAR pioneers: the exclusive video-documentary of Nicolai Volodos.

**09:30 ACUTE**

- ▲ PMT case.
- ▲ Mechanical Case.
- ▲ When is it not DVT?
- ▲ Cost effectiveness.

**11:30 COFFEE BREAK** - Feel invited to the **knife thrower station** to discuss the most controversial cases!

**12:00 SUPERFICIAL**

- ▲ Choosing the best ablation strategy.
- ▲ Optimising cosmetic results.

**13:00 LUNCH BREAK** - Feel invited to the **knife thrower station** to discuss the most controversial cases!

## VENOUS | DAY 2 | FRIDAY FEBRUARY 28<sup>TH</sup>, 2025

### 14:00 CHRONIC

- ▲ NIVL Case - making good decisions.
- ▲ Chronic Iliac Case.
- ▲ IVC Reconstruction.
- ▲ Stent Maintenance and Occlusion.

16:00 COFFEE BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### 16:30 PE

- ▲ PERT Team who do you need.
- ▲ Thrombectomy Case.
- ▲ Anticoagulation.
- ▲ Filter when and when not and getting them out.

### 18:30 END OF THE DAY

**08:30 TELEVASCULAR GAMES: FROM A COMPLEX CASE TO THE MOST IMPORTANT OUTCOME**

**09:30 STRONGER TOGETHER: COME AND JOIN US!**

- ▲ AAA and aorto-caval fistula: which are the options?
- ▲ Aorto-iliac occlusive disease and AAA: case-based discussion.
- ▲ Vascular quiz.
- ▲ Honorary lecture: Roberto Ferraresi.

**11:00 COFFEE BREAK** - Feel invited to the **knife thrower station** to discuss the most controversial cases!

**11:30 ACUTE**

- ▲ Trials and evidence gaps.
- ▲ Acute Case mechanical case.
- ▲ Acute DVT - stent or no stent.
- ▲ Treating the femoral vein - when and how.

**13:30 LUNCH BREAK** - Feel invited to the **knife thrower station** to discuss the most controversial cases!

## VENOUS | DAY 3 | SATURDAY MARCH 1<sup>ST</sup>, 2025

### 14:00 CHRONIC

- ▲ Mistakes, Errors and Lessons.
- ▲ Stent Design Where next.
- ▲ Chronic Femoral disease case.
- ▲ Complex cases - Drug use.

### 16:00 CLOSING COFFEE BREAK

## AORTIC | DAY 2 | FRIDAY FEBRUARY 28<sup>TH</sup>, 2025

### 09:00 INTRODUCTIVE LECTURE

- ▲ EVAR pioneers: the exclusive video-documentary of Nicolai Volodos.

### 09:30 CHALLENGE ACCEPTED

- ▲ My most challenging case: Arch repair.
- ▲ My most challenging case: BEVAR.
- ▲ My most challenging case: FEVAR.
- ▲ My most challenging case: EVAR/IBD.

## AORTIC | DAY 2 | FRIDAY FEBRUARY 28<sup>TH</sup>, 2025

**11:30** COFFEE BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### **12:00 THE ALPHABET SESSION**

- ▲ B/CH/F/PM/ESAR/EVAR/IBD: which off the shelf devices do I need on the shelf?
- ▲ Bridging Stentgrafts in B/CH/F/PM/EVAR/IBD: which ones should I use where.

**13:00** LUNCH BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### **14:00 HOW TO DO IT**

- ▲ How to do it: transfemoral and upper extremity approach in complex aneurysms.
- ▲ How to do it: difficult target vessels in F/BEVAR: snare-ride, false lumen target vessel, embolisation...
- ▲ How to do it: physician modified endografts AAA.
- ▲ How to do it: physician modified endografts TAA.

**16:00** COFFEE BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

## **AORTIC | DAY 2 | FRIDAY FEBRUARY 28<sup>TH</sup>, 2025**

### **16:30 LET'S START DISSECTING**

- ▲ Which type A can be treated endovascular.
- ▲ Acute type B dissection: when TEVAR when Petticoat/Stabilise.
- ▲ Acute type B dissection: tips and tricks for treatment of malperfusion.
- ▲ Chronic post-dissection aneurysm: FEVAR vs BEVAR.

### **18:30 END OF THE DAY**

## **AORTIC | DAY 3 | SATURDAY MARCH 1<sup>ST</sup>, 2025**

### **08:30 TELEVASCULAR GAMES: FROM A COMPLEX CASE TO THE MOST IMPORTANT OUTCOME**

### **09:30 STRONGER TOGETHER: COME AND JOIN US!**

- ▲ AAA and aorto-caval fistula: which are the options?
- ▲ Aorto-iliac occlusive disease and AAA: case-based discussion.
- ▲ Vascular quiz.
- ▲ Honorary lecture: Roberto Ferraresi.

## AORTIC | DAY 3 | SATURDAY MARCH 1<sup>ST</sup>, 2025

**11:00** COFFEE BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### **11:30 THE GREAT DEBATE**

- ▲ Laser & needle fenestration vs CMD vs PMG.
- ▲ Balloon expandable vs self expandable as bridging stentgrafts.
- ▲ We go as low as we can: low-profile for everything!
- ▲ Inner vs Outer Branches.

**13:30** LUNCH BREAK - Feel invited to the knife thrower station to discuss the most controversial cases!

### **14:00 OPEN UP!**

- ▲ How do the guidelines fit in the real world elective and emergent repair.
- ▲ Different access ways for open repair.
- ▲ Treatment of infected EVAR: tips & tricks.
- ▲ How to survive a ruptured aneurysm.

**16:00** CLOSING COFFEE BREAK

5<sup>TH</sup> EDITION

# FIND YOUR ALGORITHM

## COURSE DIRECTOR

**Lorenzo Patrone**  
Consultant Vascular and Interventional Radiologist  
San Giovanni di Dio Hospital,  
Florence (Italy)

## CO-DIRECTORS

**Stephen Black**  
Consultant Vascular and Endovascular Surgeon  
Lead for the venous service Guy's and St Thomas' Hospital,  
London, United Kingdom

**Michael Lichtenberg**  
Chief Medical Officer of the Angiology Department  
Vascular Centre Clinic,  
Amsberg, Germany

**August Ysa**  
Consultant Vascular and Endovascular Surgeon  
Hospital Universitario de Cruces,  
Barakaldo, Spain

**Michel Bosiers**  
Vascular senior consultant University Hospital,  
Bern, Switzerland
